

## Financial Tear Sheet

### Corporate Profile

General Cable (NYSE: BGC), headquartered in Highland Heights, Kentucky, is a leader in the development, design, manufacture, marketing and distribution of copper, aluminum and fiber optic wire and cable products for the energy, specialty, and communications markets. The Company offers competitive strengths in such areas as breadth of product line, brand recognition, distribution and logistics, sales and service and operating efficiency. Energy Infrastructure products include low-, medium- and high-voltage power distribution and power transmission products as well as extra-high-voltage underground cable systems. The Electrical Infrastructure and Construction product families are comprised of application-specific cables for uses such as electrical power generation (traditional fuels, alternative and renewable sources, and distributed generation), the on- shore or off-shore oil, gas and petrochemical industries, mining, industrial automation, automotive, marine, military and aerospace applications, power applications in the telecommunications industry, residential and non-residential electrical installation and other key industrial segments. Communications wire and cable products transmit low-voltage signals for voice, data, video and control applications, including undersea communications cable systems.

Before you enter the Company's investor relation's selections below, the Company wishes to call your attention to its Safe Harbor caution for forward-looking statements, which is located at the end of its earnings releases. The Safe Harbor caution, which is elaborated on in the Company's current Form 10K report on file with the SEC, identifies factors and risks that may cause actual results to differ materially from the content of our forward-looking statements.
